LEADERSHIP PROGRAMME 2027

Let's lead the change - together

The Leadership Programme

A 12-month global learning and collaboration experience for leaders working to strengthen civil society and social impact

The **Resource Alliance Leadership Programme** brings together a global community of leaders committed to reimagining how our sector works – how power is shared, how resources flow, and how narratives are shaped.

- Connect with peers across countries and sectors
- Explore emerging challenges
- Learn from bold thinkers
- Work together on practical responses
- Co-create actionable strategies for sector-wide transformation.

Through Leadership Summits, Action Labs and Peer Leadership Groups, participants build the knowledge, confidence and relationships required to create the change we need to see – together.

What do people say about the Leadership Programme?

The Leadership Programme has been a transformative experience for me. At a time when the social impact landscape is becoming more complex, the programme offered clarity. It created a space to pause, reflect, and strengthen the kind of leadership our sector truly needs - collaborative, intersectional, values-driven, and deeply human. The sessions didn't just build skills; they challenged mindsets, encouraged vulnerability, and reinforced the power of community. I leave with renewed purpose, practical tools, and a stronger belief that when we lead with authenticity and work together, we can create meaningful and lasting change.

Angel Flores, External Engagement Manager at World Animal Protection (Philippines)

The Leadership Programme has been an excellent opportunity to learn from others in the sector, especially as so many of us face similar challenges. I really appreciated the thoughtful facilitation and supportive atmosphere across the group. As someone working in emerging economies, where fundraising moves at a different pace, it can feel overwhelming to keep up with global trends, but the kindness & inclusiveness of the cohort made the learning experience both encouraging & empowering.

Van Vuong Ngoc Vy, Head of Fundraising and Communications at Saigon Children's Charity (Vietnam)

What do people say about the Leadership Programme?

The Leadership Programme came at such an important time for me, with the global development aid system on a downward trend. The approach of bringing together diverse leaders from different contexts provided a unique blend of perspectives, practice and purpose to learn from, which is so critical to transformative leadership. I am encouraged to continue investing in developing myself as a leader and cascading the learning to others in my organisation.
Engwase Banda Mwale, CEO at Zambian Governance Foundation (Zambia)

If you're looking for a way to not only grow as a leader, but connect with peers doing groundbreaking work around the world, the Leadership Programme is where you want to be. Not only does the programme help connect you with peers in the social impact sector, but you will work together on the most challenging issues facing our sector and create something of value together.
Maya Hasan, Founder at Fearless Project (Puerto Rico)

The programme was an invaluable experience that offered a rare opportunity to exchange knowledge with fundraising experts, explore emerging approaches, and build meaningful connections. While fundraising continues to evolve and demands innovation, we cannot navigate this work in isolation. Shared learning and collaboration are essential.
Robin Pouakouyou, Manager, Public Sector Partnerships at WWF International (UK)

What do people say about the Leadership Programme?

This journey not only transformed me personally but also empowered me to bring back fresh ideas and meaningful change to my organisation, igniting a ripple effect of growth and innovation.
Ritka Harju, Funding Director at Finn Church Aid (Finland)

The programme offers a unique and (truly) global opportunity to share the journey of leadership with a group of wonderful people doing amazing things that I would never have met otherwise. We connect as peers on similar paths, we collaborate, learn, and explore together. Supporting each other in this way has been an uplifting and humbling experience. I don't get that experience or feeling anywhere else.
Gavin Coopey, Insight Director at More Strategic (Australia)

The programme provided me with a unique platform to collaborate, innovate, and co-create solutions to some of the biggest challenges we face today. It was an invaluable opportunity to connect with inspiring leaders from all over the globe and gain insights to drive meaningful change in my own work.
Ramses Man, Global Fundraising Director at Amref Health Africa (Netherlands)

The programme reminded me that leadership might feel lonely, but it does not have to be. Despite living and working in different countries, the challenges we face as leaders are remarkably similar, and the opportunity to learn from and support one another across borders was incredibly powerful.
Vicki Rasmussen, CEO at Charlies Foundation for Research (Australia)

Payal Randhawa, Founder/Director at Bworks (India)

Connecting with global colleagues who share my energy & commitment, yet offer different approaches, has truly enriched my role. It reinforced that we are all part of a community united by purpose.
Ignacio Garcia-Vaquero, Team Leader Donor Services at SOS Children's Villages Int. (Austria)

The Leadership Programme has provided me with a strong network of great fundraisers from around the globe. To be able to share challenges and experiences with an international crowd has been very meaningful and important for me.
